Twinwall Duct Systems

Manufactured in High Density Polyethylene (HDPE), Twinwall pipe is a double-walled, strong, durable, flexible and lightweight product.

The duct meets British Standard EN50086.2.4.

Twinwall has a smooth internal bore to prevent snagging, whilst the external corrugated finish provides strength and durability. We stock all the colours and markings to meet current NJUG recommendations.

	Black/Red	Electricity/Power		Blue	Water
	Orange	Street Lighting/Traffic Signal		Green	CCTV
	Purple	Motorway Communication/Street Lighting (Scotland)		Grey	Telecommunications
	Yellow	Gas			

Ducting is available as:

50m coils with draw-wire, from 40mm to 160mm Diameter

6m pipe from 110mm to 600mm diameter

3m split duct, from 100mm to 300mm diameter

All fittings and related accessories are available.
