METER BOXES

Cirrus stock gas and electric meter boxes that can house all domestic meters, most pre-payment meters and MP installations.

The range includes semi-buried and surface mounted meter boxes.

Semi-buried meter boxes are an unobtrusive brown meter box that is designed to be partially buried in the ground. Developed to house the lower cost metal cased U6 and G4 meters when used with a water resistant seal.

Surface mounted meter boxes are popular for use in conversions, or for when there is no cavity to build into, the surface mounted gas meter box can be used as a replacement cover for a broken meter box when the back plate is removed.

Cirrus also stock The standard "Fire Retardant" flush fitted electric meter box is manufactured to BS476 part 7 Class 2 and houses any domestic electric meter. It may be used in some circumstances, eg internally, we recommend that you check with your local building control/fire office as to their specific requirements. Overall size: 409mm wide x 595mm high x 210mm deep. Brickwork opening 365mm x 535mm x 150mm. Hockey sticks also available in stock.
