

General Purpose Ducting

Manufactured in **uPVC**, to traditionally accepted dimensions, **General Purpose Duct** is a tried and tested, cost effective alternative to higher specification products. Given a good standard of installation it is ideal for use in light & medium duty applications.

All ducts include an integral socket and accessories include bends, junctions and end caps.

Size	ID/OD (mm)	Length	Couplers	Hockey Stick	End Caps	90° 45° 22.5° Bends	90° 45° Junctions
